Food Recommendations List for Puppies

Rev A.7

Here is the list of puppy foods. When they get older there are other foods that can be added to this list. A few of these companies specifically have a puppy formula so I have put in parentheses that they have a puppy food.

The highlighted foods can be found at independent pet stores that sell raw pet food. We prefer foods that have not been high pressure pasteurized (HPP), but we have included brands that do HPP. They are reputable companies with quality food that don't have any synthetic vitamins or minerals in their food. I have made notes below on those brands.

All Provide	They offer raw frozen and gently cooked (They have a puppy formula)
Big Dog Natural	Dehydrated and fermented
BJ's Raw Pet Food	Order Online
Bold By Nature	Raw frozen
Bones & Co	They offer raw frozen and freeze dried. They high Pressure Pasteurize their poultry and we don't recommend HPP food.
Feed This Inc	Order online
Green Juju	This food is high pressure pasteurized at low temp but is a good company and doesn't use synthetics vitamins or minerals in their food. Freeze Dried
Identity Pet Food	Gently cooked
OC Raw	All of their food is now minimally HPP processed. There are better choices.
Oma's Pride	Bacteriophage, (not the complete which has synthetic vitamins/minerals)
Raw Bistro	No HPP, some synthetic vit/mins
Raw Dynamic	They offer raw frozen , freeze dried, and gently cooked. They high Pressure Pasteurize their poultry and we don't recommend HPP food.
Raw Paws Pet Food	Order online. Also local to Indianapolis
Shepherd Boy Farms	Freeze Dried food, and treats and goat milk
Simple Food Project	Freeze Dried
Smack Pet Food	Freeze Dried/Dehydrated
Small Batch	They offer raw frozen, gently cooked. Avoid the Rabbit & Lamb, as they have too much veggie. They also High Pressure Pasteurize their freeze dried food and we don't recommend HPP food.
Solutions Pet	Raw frozen, fermented
Viva Raw	They High Pressure Pasteurize their freeze dried food and we don't recommend HPP food.

The following companies have various meats, organs, bones, etc. and they also have complete blends. Check with them for their puppy blends.

Anderson's Natural	Order Online
Hare Today	Order Online
Raw Dog Food & Company	Order online. They have blends, meat, organs, etc. This company has recently added some HPP foods and a line of complete that contains synthetic vitamins and minerals and we don't recommend high pressure pasteurized foods nor do we recommend synthetic vitamins and minerals. If you purchase from them, buy the foods that are not HPP and do not have synthetics.

Crude Carnivore	Is a good source for bone broth
