

## Food Recommendations List for Dogs

Here is the list of foods. The foods that are highlighted in yellow are foods that you should be able to find at an independent pet store that sells raw pet food.

We prefer foods that have not been high pressure pasteurized but we have included 2 brands who do high pressure pasteurize. They are reputable companies with quality food and they don't have any synthetic vitamins or minerals in their food. I have made notes below on those brands.

**Small Batch** – They offer raw frozen, gently cooked. They high Pressure Pasteurize their freeze dried food and we don't recommend hpp food.

**Raw Dynamic** – They offer raw frozen and freeze dried. They high Pressure Pasteurize their poultry and we don't recommend hpp food.

**Solutions Pet** – Raw frozen, fermented

**Bones & Co** – They offer raw frozen and they high pressure pasteurize their freeze dried so we don't recommend their freeze dried for that reason.
